National Documentation Centre (EKT)

Access to Knowledge

The National Documentation Centre (EKT) is the national institution for documentation, information and support on science, research and technology issues. Its services are aimed at the country's entire scientific and business community, universities, research centres, enterprises and public and private sector bodies. Founded in 1980, EKT is part of the National Hellenic Research Foundation (NHRF) and is supervised by the General Secretariat for Research and Technology (GSRT).

www.ekt.gr

Vision

To make scientific knowledge accessible to everyone, and to boost research, innovation and competitiveness.

Mission

To develop advanced infrastructures for organizing, managing and providing Science & Technology content.

- Digital Library on Science & Technology
- Science & Technology Information Services
- Open Access Repositories and Scientific Journals
- Information & Support of Greek Research and Innovation in the international environment
- Promotion of Innovation and Entrepreneurship

Access to Scientific Information

Digital Library on Science & Technology www.ekt.gr/en/diglib

Greek and international content in digital form, in all sectors of science and technology, with integrated search and retrieval capacities: 22,000 titles of scientific journals, 3,000 electronic books, 100 digital dictionaries and encyclopedias, 55 international and 27 Greek databases, Greek collections digitized by EKT, thematic collections and Internet resources.

Scientific Information Services www.ekt.gr/en/services

- Electronic Reading Room
- Print Collection Reading Area
- Wireless Broadband Network

Open Access & EKT www.openaccess.gr

EKT develops national open access infrastructures for the organization and dissemination of scientific knowledge:

Repositories:

- Helios - National Hellenic Research Foundation Repository
- Pandektis - Humanities Thematic Repository
- Asclepius - Health Sciences Thematic Repository
- National Archive of PhD Theses Repository

Scientific Open Access Journals :

- Byzantina Symmeikta: Journal on Byzantine Studies
- Tekmeria: Journal on Classical Antiquity
- The Historical Review: Journal on Neohellenic Studies
- Biobanking: Journal on clinical research
- INE/NHRF Notebooks & Newsletters

Promoting Research and Innovation

- **Enterprise Europe Network-Hellas:** EKT coordinates the Greek node of the largest European network on innovation and entrepreneurship. The Network offers "one-stop shop" support and advice to enterprises across the country.

www.enterprise-hellas.gr

- **EU research programmes:** EKT has extensive knowledge and experience as National Contact Point for the 7th Framework Programme, eContentplus and ICT PSP. It provides integrated information and support services to the research and business community in order to boost the Greek participation in European projects and networks.

www.ekt.gr/fp7

- **Collaborations and Networking:** EKT coordinates national and European research networks that cover Europe, Eastern European Countries and Russia as well as the Mediterranean, West Balkan, Middle East and Black Sea regions.

- **Greek CORDIS web service:** the website provides comprehensive and direct information on the latest activities and achievements of Greek organizations, national and European research programmes, etc.

cordis.europa.eu/greece

- **The Greek website for Research & Innovation:**

- R&D policy & programmes in Greece
- Greece in EU R&D
- News & Events
- "Innovation, Research and Technology" magazine
- Online Publications & Links
