Energy Company Mission to Greece

Athens

Monday October 26th 2015

The **National Documentation Centre (EKT/NHRF)** of the **Enterprise Europe Network Hellas** together with the **Agencia Andaluza del Conocimiento of Enterprise Europe Network CESEAND Plus** and the **Centre of Renewable Energy Sources and Saving (CRES)** coordinator of **MARE project** are co-organizing a company mission to Greece.

The company mission will take place in the framework of the **MARE project** on the occasion of the **Horizon 2020 Energy Infoday** that will be organized in Athens, Greece by the Greek National Contact Point for "Secure, Clean and Efficient Energy" in Horizon 2020. The company mission, that will take place after the end of the Infoday (15:00-18:00), will provide a forum for fruitful discussions (b2b meetings) on Horizon 2020 energy topics, partner searches for H2020 calls and technology transfer in the energy sector.

During the mission, companies from Spain, Greece and throughout Europe, as well as research institutions and academics, active in the energy sector, will have the opportunity to establish cross-border contacts for future co-operations, through pre-arranged individual meetings, with the aim of conducting research and technological agreements.

Milestones

- ✓ 16/10: deadline for profile submission
- ✓ 21/10: deadline for submitting meeting requests
- ✓ 23/10: reception of your agendas

HOW IT WORKS?

STEP 1:

Fill in a profile presenting your know-how and partner search and send it to schris@ekt.gr no later than October 16th 2015. The profile template can be found at [here](#).

STEP2:

A catalogue of the submitted profiles will be distributed by the organizers to all participants on October 19th.

STEP3:

Send your preferences to the organizers by October 21st who will facilitate the arrangement of the bilateral meetings and inform you accordingly.

MARE project has received funding from the European Union's Seventh Framework Programme for research, technological development and demonstration under grant agreement no 609554.

What is the company mission scope?

Bilateral meetings (Matchmaking) at the event are a quick (meet and greet in 20-minute intervals) and easy way to creating contacts to potential technology receivers, customers, technology donors and cooperative partners - major stakeholders, SMEs, academic research institutions, training centers - from all levels in the energy value chain.

Why Participate?

- Initiate cross-border contacts and cooperation
- Find new commercial/technological/research partners
- Present your know-how and innovative technologies
- Meet providers of innovative technologies
- Enter into contact with potential partners for future co-operation
- Get the latest information about trends and innovations
- Find solutions to your technical/development problems – Matchmaking with organisations offering or seeking solutions
- Meet multiple promising business partners of your choice in one day and in one location.

The event is free of charge, registration is mandatory

If you register for the company mission you:

- May send your profile, technology, research and collaboration wishes through the dedicated form, which will be accessible to all attendees.
- Are able to invite other participants for bilateral face-to-face meetings.
- Will receive meeting requests from other event participants.
